

COEXTRUDED FILMS

AMILEN ML PLUS

11 layer coextruded film in PA/PE

Thickness 230 - 350 µm

Properties

- Excellent puncture resistance
- Good barrier
- High transparency and gloss
- Excellent thermoforming and sealing properties
- Thickness reduction (up to -20%)

Use

- Vacuum
- Pasteurization
- Freezing
- Sterilization ETO and Gamma

Machinery

- Thermoforming machine
